

Washing motorcycles

Universal concentrated high quality biodegradable cleaner. Its unique formula easily removes contaminants such as grease, lubricants and more. Leaves a perfect shine on the treated item.

Use: for washing cross and enduro motorcycles.

Directions for use: preferred dilution 1:30 (max 1:10 min 1:100): spray or apply with a sponge or high pressure cleaner and leave on for a few minutes. Rinse with clean water.

The use of warm water will improve cleaning performance.

Follow the manufacturer's instructions - refer to the original label for information.

Observe the safety and hygiene principles when handling the product.

First aid: In case of skin contact, wash off product residue with soap and water. In case of contact with eyes, rinse immediately with plenty of water. In case of ingestion, do not attempt to induce vomiting. Seek medical attention.

Dispose of the empty container at a municipal waste disposal site and take the container with the remaining product to a hazardous waste collection site.
